

Wisdom is Better than Gold...

What You Need: Color page below, crayons, scissors, glue,
Optional: yellow/gold construction paper, foil, etc

What You Do:

- * Give child pot of gold to color.
- * Have child cut out coins provided or circles from construction paper.
Or do this ahead of time for them.
- * Glue coins to top of pot and a few around bottom if desired.

What You Say:

You know that things like silver and gold are really valuable, right? But did you know that wisdom is even more valuable than all the money, all the toys, or fancy gifts in the whole world? It's true. Wisdom is a very important thing to have, but it's not something we can buy. *[Bottom Line]*

If you want to be wise, ask God for wisdom.

We become wise as we read God's Word and listen to people who love God.

Proverbs 16:16

**WISDOM IS BETTER
THAN GOLD.**
